Dear Sisters and Brothers,

I am pleased to announce that as of this morning the TCRC CN CTY have come to a negotiated tentative agreement with CN Rail. This tentative agreement was reached as a result of many hours of exhaustive work and late nights by your CTY bargaining committee. I wish to congratulate them on their efforts! The support of Teamsters Canada in the media and the lobbying efforts with the Liberal government to resist the calls for back to work legislation were also integral in our negotiations. I wish to thank the Liberal government for not interfering and allowing the bargaining process to function as intended. The terms of the tentative agreement will be distributed when available.

I want to acknowledge and thank those who supported us during this strike, our fellow Trade Unions, many of the Federal and Provincial politicians and the general public. In my 32 years on the railroad I have never witnessed the degree of support from the public that occurred during this strike.

Finally, and most importantly I want to acknowledge the contribution of our entire membership. To our members that do not belong to the CN CTY, but chose to join the picket lines in support, Thank you! To our CN members who picketed night and day, your strength and solidarity was paramount in this round of bargaining. The media interviews by the Division officers and strike captains were incredible, Bravo! I'm immensely proud of all our TCRC members, your hard work was truly inspirational.

Fraternally,

Lyndon Isaak  
President – TCRC
